## A message from the CEO

As the CEO of HSE Contractors, I am proud to share with you the result of our hard work and dedication over the years. We have grown from strength to strength, and we are always committed to delivering high quality service to our clients.

Our success is not only a result of our commitment and dedication but also of the trust our clients instill in us. We always aim at maintaining strong relationships with our clients to provide them with the expectational services and innovative cost-efficient solutions that exceed their expectations.

At HSE Contractors, we are always striving to improve our services and meet the evolving needs of our clients. We fully understand that the construction industry is everchanging and we are devoted to staying ahead by investing in the latest technologies and training for our team members.

We understand that every project is different, and we tailor our approaches to meet your specific needs on time and within budget.

Thank you for your continued support and trust in HSE Contractors. We look forward to working with you to achieve our mutual goals.

Sincerely,  
Hany El Banna  
CEO

## CPM Scheduling

With 20 years of experience on job sites, our team has the expertise to overcome the challenges that arise during the construction process. We are equipped to handle any situation that may arise, ensuring successful project completion.

The Critical Path Method maximizes team efficiency, monitors progress, and provides a clear understanding of any delays as soon as they occur. This approach enables our team to proactively address issues, keeping projects on track and on schedule.

## Delay Analysis

The ability to quickly understanding the full impact and scope of delays is crucial to putting your project back on track and our team will provide detailed analyses to do just that.

# CLIENT TESTIMONIAL

“

”

On behalf of L&L's team I would like to express our deep appreciation for all of the effort you have been giving to help us create the finest office building built in Manhattan in our lifetime. As you already know, 425 Park Avenue will be the first block front office building built on Park Avenue in almost 50 years. We are very grateful for this opportunity, and we know that we could not be doing this without your professional effort

We appreciate the level of service HSE has provided over the last year and when things do not go as planned you all stepped up. That speaks to the level of customer service you provide to your clients. We absolutely will engage you for future opportunities as they come about because of this great customer service you provide.
